## experience

### The 9 | Cleveland, Ohio

Multi-use historic renovation totaling 1,350,000 SF with 156 room hotel in the Autograph Collection by Marriott, 104 Luxury Apartments, 90 Boutique Apartments, offices, and hotel amenities. Furniture and lighting were carefully selected and custom designed by our interior design team, procured by our in-house procurement division, allowing us to stay on-budget and assure on-time delivery.

### Cuyahoga County Headquarters | Cleveland, Ohio

A 225,000 SF, eight-story office corporate headquarters located at the corner of East 9th Street and Prospect Avenue, with a \$80 million dollar lease-back deal including building demolition through property management. LEED Gold Certified building.

### Thermo Fisher Scientific | CA, IL, OK, KS, MA, OH, VA

Numerous projects over eleven years for a Fortune 500 company including medical, labs, clean rooms, cold storage, additions, new builds, RFP creation, offices, and corporate headquarters.

### Superior Beverage | Solon, Ohio

Impactful, unique spaces with architectural focus through furniture selection and custom lighting, including an inviting tasting room for potential clients that doubles as a social lounge within the office facility and a café for employees to relax and rejuvenate.

### Rainey Institute | Cleveland, Ohio

Educational center for inner city youth programs including stage, theater, dance floors, commercial kitchen, sound booths, and community room. Project received NAIOP interior design project of the year award and is a Silver LEED Certified new construction.

### Shankman & Associates | Solon, Ohio

8,160 SF tenant improvement to an existing one story stand-alone building. Complete interior renovation including MEP; new exterior doors and windows, updated exterior finishes. Worked with client to create systems furniture layout, select manufacturer and finishes.

# Jen Diasio

Architect, President

GDOT Design & GLSD Architects

Mrs. Diasio is president of GLSD Architects where she coordinates the architectural, design, and engineering efforts to produce design development and construction documentation, interior design, and LEED certification. Jen is also president of GDOT Design, which works closely with our GLSD design team to procure furniture for offices, hospitality projects, and luxury apartments. GDOT corresponds directly with vendors to ensure the overall design, budget, and schedule meet project requirements. With aggressive follow-up and a network of installers and logistics companies, GDOT is able to seamlessly deliver completed projects.
