experience

Abeona Therapeutics | Cleveland, Ohio

Tenant fit out in an existing manufacturing building featuring exposed brick, open ceiling to the deck, and exposed ductwork and columns. Space consisted of an energetic yet sophisticated open office environment with an innovative space for team collaboration and a cafe designed to be welcoming and comfortable.

Panther Premium Logistics | Medina, Ohio

This new 50,680 SF office building and 8,800 SF accessory installation building focused on an open-office concept for 450 employees; including a 24-hour, 250-seat call center, collaborative spaces and training facilities.

Swagelok Cleveland | Glenwillow, Ohio

This 14,660 SF office/warehouse includes private offices, formal and casual conference rooms and a training room and lounge between the office space and warehouse. The outer offices that surround the central call center have interior glass walls. The warehouse features a burnished concrete floor, high ceilings, natural light from the large exterior windows and unique LED light fixtures.

Great Gatherings | Gainesville, VA

This 17,200 SF showroom features ideas, furnishings and accessories that redefine the art of celebrating, including more than 14 game room collections with entertainment furnishings, billiard tables, and 20 outdoor furniture and grill ensembles.

Shankman & Associates | Solon, Ohio

8,160 SF tenant improvement to an existing one story stand-alone building. Complete interior renovation including plumbing, HVAC and electrical; new exterior doors and windows, as well as updated exterior paint and finishes. Worked with client to create systems furniture layout and make selections of manufacturer and finishes.

Ramco | Hudson, Ohio

This 165,00 SF manufacturing facility and office space included an open office bullpen with perimeter private offices and conference rooms. The overall color scheme was very neutral, accented with a gray/blue, dark blue, and warm wood tones within the furniture.

Renee Kurz

Interior Designer

GDOT Design

As an Interior Designer with GDOT Design, Mrs. Kurz works closely with each client assisting in finish selections and coordination. Renee is adept in all aspects of the design process as she works side by side with the architects assisting with space planning, the development of construction drawings, and the all-important final touches. As part of the procurement department, she helps clients with furniture budgeting, selection, and finishes. Renee has learned to successfully manage a wide variety of design and development projects while satisfying clients' priorities, requirements, and deadlines.
